Once again, we are celebrating another great year for Camp Raymond, the families who stay with us, and especially the anglers who maneuver the waters in search of the swimming beauties. As you can see above, there were many great catches.

We must pay tribute to one of our long standing customers, friend and gentleman, John Demik. For over 30 years, John and his family laughed, played and fished at Camp Raymond and we will miss him. Our thoughts are with the Demik family and we look forward to John's whisper in the reeds and quiet guidance to the best fishing holes.

Our family is well (even Fred as he recovers from minor surgery). We wish you the safest of winters and look forward to your return in 2010.
